

People List

Rachel Carmickle - 2024-08-30 - [Identity Management V2](#)

The People list displays the identities of people within Novari Identity Management. This list includes all Novari users regardless of the application they are using.

Search for a user by first name, last name, or username.

The list is sorted by last name, first name in A-Z order. You can toggle the sort order by clicking on the column heading.

You can sort by Username by clicking on its column heading.

You can filter the list to see Inactive people. By default, the list of people is filtered to display the active ones.
